

Sometimes I Feel

Gone Is Gone

Happiness has found me
Happiness forever here
All my time just slips away
And the end is never near

Sometimes I feel
Sometimes uhhhh
Sometimes I feel

Happiness is with you
Happiness is here for you
Did you say "The time is nigh"?
I feel closer to you too

They say "Time is an illusion"
They say "Man is damned to fall"
If everything happens for a reason...
Then nothing really matters at all

Happiness
Happiness
Happiness
Happiness
