

# Chandra

Gong

Did you get it ? Did you get it ?  
You're just another fish in the sea, yeah  
Did you get it ? Did you get it ?  
You gotta get it right  
And you get it jerked when you get it right  
When you get it, you won't forget it  
When you get it, you won't regret it  
When you get it you'll start to see  
You're just the same as me  
  
You call, you grow  
You know, you blow  
You fall, to the wall  
You laugh  
  
Now you know it's good to be back here in the world  
again  
Don't you know it's great to be in love with a girl  
again ?  
Down here in the battlefield of time  
Don't get lost to reason or rhyme  
Really ought to get it together again  
Wouldn't you like to fly ? Wouldn't you like to know  
why ?  
  
You die, you try  
To fly when you're high  
You're low, you know  
You grow to flow  
To laugh in the path

But you fall

You get it after all
