Oh, here you are
There's nothing left to say
You're not supposed to be that way
Did they push you out?
Did they throw you away?

Touch me now and I don't care
When you take me, I'm not there
Almost human, but I'll never be the same

Long way down
I don't think I'll make it on my own
Long way down
I don't want to live in here alone
Long way down
I don't think I'll make it on my own

I never put you down
I never pushed you away
You're not supposed to be that way
And anything you want
There's nothing I could say

Is there anything to feel?

Is it pain that makes you real?

Cut me off before it kills me

Long way down
I don't think I'll make it on my own
Long way down
I don't want to live in here alone
Long way down
I don't think I'll make it on my own
I never put you down
I never pushed you away
Take another piece of me
Give my mind a new disease
And the black and white world never fades to grey

Long way down
I don't think I'll make it on my own
Long way down
I don't want to live in here alone
Long way down
I don't think I'll make it on my own
On my own
On my own
