Step in Line

Goo Goo Dolls

Ahh-ahh-ahh)
(Ahh-ahh-ahh)

Your crying won't heal the pain
Until you let it go
I guess time's an evil foe
They shoulda let you know

That you're never gonna beat it
Until you say goodbye
You're never gonna beat it
The last time that you try
Ohh (ahh-ahh-ahh)
(Ahh-ahh-ahh)
And I wish they woulda let you know

Just step in line, step in time
You know you'll have to climb
Just step in line, step in time
But some will be denied
Just step in line, step in time
There might be some that will be
Left behind you

Step in line, step in time
Still waiting for a sign
Step in line, step in time
So many times you've cried
Step in line, step in time
There might be some that could be
Left behind you

(Ahh-ahh-ahh)
(Ahh-ahh-ahh)
(Ahh-ahh-ahh-ahh-ahh)

Without your knowing it
It's made its way to you
Without your showing it
It meant the world to you

And I'm hoping that you're happy
I'm praying that you're safe
A shitty situation
Will just be far away
Ohh (ahh-ahh-ahh)
(Ahh-ahh-ahh)
And I wish they woulda let you know

Just step in line, step in time
You know you'll have to climb
Just step in line, step in time
But some will be denied
Just step in line, step in time
There might be some that will be
Left behind you

Step in line, step in time
Still waiting for a sign
Step in line, step in time
So many times you've cried
Step in line, step in time
There might be some that could be
Left behind you

(Ahh-ahh-ahh)
(Ahh-ahh-ahh)
(Ahh-ahh-ahh-ahh-ahh)

Step in line, step in time
Still waiting for a sign
Step in line, step in time
So many times you've cried
Step in line, step in time
