

# Moving On

Good Charlotte

Celebrate us when we're gone  
And forget what we did wrong  
All the memories, all the songs  
All the times we fell in love

All I have is all that I gave you  
My everything  
You know that's never gonna change  
You said that love makes you nervous  
I said I feel the same  
Just let it go and walk away  
I'd never let you abandon  
Or leave you all empty handed  
Life seems to take us different way  
(Life seems to take us different way)  
All of those lessons we learned them  
All those mistakes, yeah, we burned them  
I only hope you feel the same

It's a long way up when you start at the bottom  
And we gave it all

Celebrate us when we're gone  
Let's forget what we did wrong  
All the memories, all the songs  
All the times we fell in love

We're not burning out  
We're not burning up  
We're just moving on  
We're not breaking down  
We're not breaking up  
We're just moving on  
(We're just moving on)

Say love, let it fall  
Say love, let it fall  
Cause we get back up and we turned around  
When we said that we were out  
Say love, say love, say love

Celebrate us when we're gone  
And forget what we did wrong

We're not burning out  
we're not burning up  
We're just moving on  
We're not breaking down  
we're not breaking up  
We're just moving on  
(We're just moving on)

Love, love  
Love, love  
Love, love  
Love, love (we're just moving on)  
Love, love (say love)

Love, love (who to call)

Love, love (say love)

Love, love (we're just moving on)

Let me fall

Love, love

Love, love

Love, love

Love, love, love, love, love, love, love, love
