## **Secrets**

## **Good Charlotte**

In the dark
In the darkness you will find
Dirty little secrets we all hide
Cause' we all have a darker side
A place we keep where no one else will find

Cause' everybody wants to hide their secrets away Nobody wants to stand up to the pain But I will stand up to the pain Wake up and fight again If you could dance with me through this rain And we will fight, we'll fight again, fight again

In the back, in the closets of your mind Thats where skeletons and dirty secrets hide And I'll rip out my insides And leave them on display for you tonight

Cause' everybody wants to hide their secrets away Nobody wants to stand up to the pain But I will stand up to the pain Wake up and fight again If you could dance with me through this rain And we will fight, we'll fight again, fight again (fight again, fight again)...

All my life I hide my secrets away, In the dark, in the dark, in the dark We all try to hide our secrets away, In the dark, in the dark, in the dark

Stand up to the pain
Wake up and fight again
If you could dance with me through this rain
And we will fight, we'll fight again, fight again
Fight again
Cause' everybody wants to hide their secrets away
And that's ok
Nobody wants to stand up to the pain
Fight again
