

I came in a bit before the opening set  
I took the bet, I know the rest  
It's good, I guess  
The cavern is a crowd around  
And I can scarce get by  
On second breath between the press  
Now it's 1 a.m. and I don't know how I'll get home  
The way is barely paved  
I can't keep my eyes from closing in between each rest  
But I'm not going to cave

I guess I made it, yeah  
I said that I, I'll come along this time but when I try  
I get the feeling I someday will die  
And I'm not going to care

I never sleep, I never eat  
I never leave my house alone  
Another evening in between  
What I believe and what I know  
And what I know

I'm sitting on the 501  
A moment's rest, a glacial pace  
Who won't lose faith  
Maybe if I stay or ran the rest  
To prove myself, I'd still save face  
Now we're on our way  
Before I quit at half past 9  
Can't get out of this  
And now I've lost that little time

I guess I'll make it, yeah  
I said that I, I'll come along this time but when I try  
I get the feeling I someday will die  
And I'm not going to care

I never sleep, I never eat  
I never leave my house alone  
Another evening in between  
What I believe and what I know  
I never sleep, I never eat  
I never leave my house alone  
Another evening in between  
What I believe and what I know  
And what I know

Ah!

So I walked out the back before the second set  
Settled my debt  
I'll miss the rest, that's fine I guess  
The cavern is a crowd around (I never eat, I never sleep)  
And I could scarce get by (I never leave my house alone)  
On second breath between the press  
Now it's 3 a.m. and I don't know how I'll get home (I never eat, I never sleep)

The way is barely paved (I never leave my house alone)  
I can't keep my eyes from closing (I never eat, I never sleep)  
So I'll hit replay (I never leave my house alone)
