

Boy, I'm Just A Loser For Your Love

Good Morning

You said to believe it
But this time, I know that you mean it
And boy, I'm just a loser for your love

I lied and I cheated
Gave you none of what you needed
But boy, I'm just a loser for your love

You can't celebrate a house fallin' down
Not a crumblin' heart-breakin' sound

I would tell you I'm proud
Just not sighin', heart-breakin' sound

If ever you need me
Pick up that phone and you'll see me
'Cause boy, I'm just a loser for your love
I'll always be a loser for your love
Boy, I'm just a loser for your love
