

## Daisies

## Good Neighbours

We were looking for that weekend love  
Not quite enough to take it to heart  
So I put you in some roller skates  
The perfect way to play it safer  
Yeah

No rhyme or reason  
We blame the season  
For all this hope and the serotonin  
Making me dizzy when I got you with me  
My darling, I cannot deny

I look so good I could cry  
Ah, ah  
When I see myself in your eyes  
Ooh, it feels so right  
All the parts of me that I hated  
Oh, you've got them pushing up daisies  
And you know it's driving me crazy  
And you know it's driving me crazy  
Oh, ah  
Ooh, it feels so right

So if I second guess your motive  
I just want your time devoted before  
Before  
I go diving off the high board for somebody who ain't ready for more  
For more

No rhyme or reason  
You changed the season  
My heart is vacant  
This for the taking  
'Cause I'm feeling pretty when I got you with me  
My darling, I cannot deny

I look so good I could cry  
Ah, ah  
When I see myself in your eyes  
Ooh, it feels so right  
All the parts of me that I hated  
Yeah, you've got them pushing up daisies  
And you know it's driving me crazy  
And you know it's driving me crazy  
Oh, ah  
Ooh, it feels so right  
When I see myself in your eyes

Ah, ah  
I look so good I could cry  
Oh, ah  
(There must be someone  
Someone for everyone  
Half of your heart is in the hands of another love  
See I was done looking  
Then you had me coming up  
Now you've got me shining brighter than ever love)

I look so good I could cry  
Oh, ah
