

Fly Away

Good Old War

Traveling in a soft wind, it's blowing you apart
Cause you wear sugar coating to protect your heart
But, you should know, you should know
You should know, that you're all on your own
All alone, all alone, all alone, when the day is gone
And there's nothing left to do, but rest under the silver moon
It's alright, it's alright, it's alright, it's alright

And you just wanna fly away, away, away
And you just wanna fly away, away, away
And you just wanna fly away, away, away
And you just wanna fly away, away, away

What do you see up above us when you look to the sky?
Don't ever take it for granted, and let it pass right by
Oh, I'm sorry to say, but someday this will all be gone
Take it in while you can and enjoy what's all around
Don't let the worries of your days, take the good things in life away
It's alright, it's alright, it's alright, it's alright

And you just wanna fly away, away, away
And you just wanna fly away, away, away
And you just wanna fly away, away, away
And you just wanna fly away

You keep on passing life but I get you better than this
But I know, darling I know, that you're not so cold
So why don't you take my hand and climb down to the better place
I know, darling, let's go, let's go, let's go
And you just wanna fly away, away, away
Away, away, away

And you just wanna fly, get to a better place
But you don't have to be afraid at all, you don't have to be afraid
And you just wanna fly away, away, away
And you just wanna fly away, away, away
