

I Melt with You

Good Riddance

Moving forward using all my breath
Making love to you was never second best
I saw the world thrashing all around your face
Never really knowing it was always mesh and lace
I'll stop the world and melt with you
You've seen the difference
And it's getting better all the time
There's nothing you and I won't do
I'll stop the world and melt with you
Dream of better lives, the kind which never hate
Started in the state of imaginary grace
I made a pilgrimage to save this human race
Never comprehending a race that long gone by
I'll stop the world and melt with you
You've seen the difference
And it's getting better all the time
There's nothing you and I won't do
I'll stop the world and melt with you
The future's open wide
I'll stop the world and melt with you
I've seen some changes
But it's getting better all the time
There's nothing you and I won't do
I'll stop the world and melt with you
