

## Trophy

## Good Riddance

I suppose you did it out of love  
I feel that pressure from above  
I didn't perform quite up to par  
I only gained another scar  
I'm not your trophy  
I will not shine for you  
sorry for the disappointment  
I did the best I could  
but here I've let the family down again  
I'm your failure your mistake  
because I failed to break the tape  
I'm your shameful progeny  
your begotten tragedy  
you ought to know  
I'm not for show
