

Bad Things

Goodbye June

She's a fire
Tokes my eyes, sucks my confidence
Gets me high
Come back down, she's a southern wind
I'm all alone
Get on the phone and it's on again
Win or lose
I'm a damn fool

Lead me right back to
The bad things I'd do to you
Ooh ooh
Yeah I like to
Deep dark
Matter of the heart
Ain't no stopping you
Though I'd like to
Yeah I'd like to

I maintain
Role in this game, the hell is wrong with me
Our picture frame
Pile of loose change is what it's worth to me
Now we're slaves
We built this cage, it's a masterpiece
I'm a fool
I'm a damn fool

Lead me right back to
The bad things I'd do to you
Ooh ooh
Yeah I like to
Deep dark
Matter of the heart
Ain't no stopping you
Though I'd like to
Yeah I'd like to
Lead me right back to
The bad things I'd do to you
Ooh ooh
Yeah I like to
Deep dark
Matter of the heart
Ain't no stopping you
Though I'd like to
Yeah I'd like to

There's no stoppin' you, yeah
The bad things I do to you, yeah

Lead me right back to
The bad things I'd do to you
Ooh ooh
Yeah I like to
Deep dark
Matter of the heart
Ain't no stopping you

Though I'd like to
Yeah I'd like to
Lead me right back to
The bad things I'd do to you
Ooh ooh
Yeah I like to
Deep dark
Matter of the heart
Ain't no stopping you
Though I'd like to
Yeah I'd like to
