

Calling

I'm calling out your lonely name

Falling

You keep falling down mistakes you made

Where's the light that broke your haze?

Take flight and be yourself again

There's a lot that needs to change

You're crying like the pouring rain

There's a lot that needs to change

Time to open up your heart again

Come outside and play you know it's good for your health

(Go on and be yourself)

I know you're afraid and you've been through hell

(Go on and be yourself)

Time to lose the pain that you've always felt

(Go on and be yourself)

Don't be something for somebody else

Go on and be yourself

And love yourself

Their ain't nobody else

Go on and be your

Dark mirror

Wonder who you'll see in the frame

Smile my dear

There's so much to be gained from the pain

There's a lot that needs to change

You'll never be the same my friend

Let your mind design the way

Time to open up your heart again

Time to lose the pain that you've always felt

(Go on and be yourself)

Don't be something for somebody else

(Go on and be yourself)

(Go on and be yourself)

And love yourself

(Go on and be yourself)

And love yourself

Their ain't nobody else

Go on and be your
