

# I Don't Mind

Goodbye June

Simple, better days  
Trying to figure out the ways  
You're running

All the late night calls  
Yeah I've got the open arms  
I'm coming

Every single time you lie  
I don't mind, I don't mind  
Every phase you're going to try  
I don't mind, I don't mind

Even when you say goodbye  
I don't mind, I don't mind  
Even when you waste my time  
I don't mind, I don't mind

I don't mind, I don't mind  
I don't mind, I don't mind

I don't need a breather  
Yeah my heart already seen so many  
Dark days

I'm with you picking either  
You know we can do this easy or  
The hard way

When you turn into someone else  
I don't mind, I don't mind  
When you're putting me through hell  
I don't mind, I don't mind

Even when you wreck my life  
I don't mind, I don't mind  
Even when you waste my time  
I don't mind, I don't mind

I don't mind, I don't mind  
I don't mind, I don't mind  
I don't mind, I don't mind

Every single time you lie  
I don't mind, I don't mind  
Every phase you're gonna try  
I don't mind, I don't mind

Every time you say goodbye  
I don't mind, I don't mind  
It just hurts so bad sometimes  
But I don't mind, I don't mind
