

No Way To Escape

Goodnight Nurse

I need to break out
I need to get away
Before I breakdown
Before I suffocate
We're on lock down
Freedom controlled
And this is not my home
This is not my home

Lights out
No place to go
Lights out

There's no way to escape, escape, escape
I'm trapped and bound
Surrounded everyday all day, all day
I need out now
There's nothing I can do
No

I'm hearing voices
They tell me not to think
Limit my choices
My sentence penned in ink
And when i wake up
I'm not at home
My future so unknown
Future so unknown
