## Goodnight, Texas

I've been looking at the life we have  
And wondering what it's for  
Cause we've been building it up so tall  
That you can't see the ground anymore  
Yeah, I been dancing all around the fact  
That life is passing by  
But I've been waiting on an exit plan  
That wouldn't make you cry

I wanna take the way it feels  
To be inside of this love affair  
And put it in a mason jar  
And take it damn near anywhere  
To remind myself of where we both began  
To see myself as an old and lonely man  
With you

Harmony  
I'm gonna let you down so easily  
I'm gonna break your heart and make you see  
That you weren't meant for me  
And we just can't be together anymore

Yeah, I've been looking out my window  
Down at people on the streets  
I'm wishing to myself that I could find another sign  
To give some closure to the story we began together  
But I'm not sure that this is the kind of storm I want to weather

I wanna take the way it kills  
To be inside of this love affair  
And put it in a mason jar  
And take it damn near anywhere  
To remind myself of where we both began  
To see myself as an old and lonely man  
With you

Harmony  
I'm gonna let you down so easily  
I'm gonna break your heart and make you see  
That you weren't meant for me  
And we just can't be together anymore

I've been looking at the life we have  
And wondering what it's for  
Cause we've been building it up so tall  
That you can't see the ground anymore  
Yeah, I been dancing all around the fact

Harmony  
I'm gonna let you down so easily  
I'm gonna break your heart and make you see

That we just can't be together anymore  
That we just can't be together anymore
