

# Inhuman

Gordi

Watching in slow motion  
A hundred worlds away  
Disassociated so I'd make it through the day

Am I speaking underwater  
Am I living underground  
Impossibly inhuman  
Paralysed now

My head it stops trying  
Can't take anymore  
Heed it like a warning  
Check your sadness at the door

Am I speaking underwater  
Am I living underground  
Impossibly inhuman  
Paralysed now

Impossibly inhuman  
Paralysed now

Shut my eyes  
To survive

I thought I was dreaming  
Of the wreck they found  
Carved our names in paperbarks to watch them burn down

Am I speaking underwater  
Am I living underground  
Impossibly inhuman  
Paralysed now
