

Cannot stop this urge that grows inside of me
Cock is hardened by her scent, torturing is ecstasy
Spread your legs as you're begging for your life
Tightened grip around her neck, pulsing veins invite my knife
Strip her naked with my teeth
She kicks and screams in disbelief
Rape her mouth repeatedly
Gurgling pathetic pleas, butchery is your destiny
Plunging head first into cunt dripping cum
Blood and mucus splattered face, tongue-tickled perineum
Kegel muscles grip my wrist with every gasp
Finger-fuck her uterus, causing vaginal prolapse
Knuckle deep I pierce the hymen
Taint destroyed by violent fisting
One huge gaping hole for lusting
Reaming unforgiving, elbow deep in shit
Raped and ravished rectum, impaled on my fist
Cram in my member to masturbate inside her
Forced asphyxiation, fill her mouth with shit
Vomiting profusely, reel from the stench
Strangle the whore until she no longer exists
Fucking this cunt, until I'm numb,
Or she turns cold, then I am done!
