

Starved for Perversion

Gorgasm

Violently awakened by, the stench of rotting amputation
A festered stump of spoiled flesh
Starving and emaciated, barely kept from your extinction
A banquet of yourself awaits
Forcing down jagged chunks, severed from your bloody stub
Eventually you'll eat yourself deceased
With every swallow, another cut of meat
I marinate it with my seed
Chopped off, your tits, seared and, served with...
Your clit. Glazed with anal seepage
Hacking away, another slab, you slowly dissipate
Tenderize the meat, still on the bone
Unmercifully, I bring the hammer down
Carving out your asshole, this will be your last repast
Self consumed your torso's bloated, my cock drips with sweet arousal
Plunging deep within your ruptured anus, lubricated with your sink
Climax reached a gross eruption, splattered cum joins with your feces
Drenching me in your digested self.
Nothing left for you to eat, I fuck you til you cease to be
