

# Ecstasy

Gorgon City

Head back, close your eyes and come away  
Deep breath, it's alright  
When they do stare, we've come to keep you safe  
Slow band, it's alright

It's easy to let go  
Put your trust in me  
I won't let you fall  
Surrender to the beat

Tell me can you feel the ecstasy?  
Feels so good to be in ecstasy  
Tell me can you feel the ecstasy?  
Don't you wanna be in ecstasy?

Don't look back, don't look down  
Keep on movin'  
Don't look back, don't look down  
Keep on movin'  
Don't look back, don't look down  
Keep on movin'  
Don't look back, don't look down  
Keep on movin'

We sway in and out of golden rays  
So deep waves, we're alright  
But we stay floatin' in at the edge  
In the sweet space, we're alright

It's easy to let go  
Put your trust in me  
I won't let you fall  
Surrender to the beat

Tell me can you feel the ecstasy?  
Feels so good to be in ecstasy  
Tell me can you feel the ecstasy?  
Don't you wanna be in ecstasy?

Don't look back, don't look down  
Keep on movin'  
Don't look back, don't look down  
Keep on movin'
