

Intentions

Gorgon City

Like vibrant rivers
You run through me
Taking over
Eternally and completely
You lead the way
I run behind
You say jump
And I say what height
Lioness to your fortress
King of my castle
Playing beats on my heartstrings
Like Cupid's studio

Intentions

Infatuation
Round in circles
Manipulations
Intentions grow
Thinking about the pain and love
Love to trust the feeling
Trust
Lioness to your fortress
King of my castle
Playing beats on my heartstrings
Like Cupid's studio
