

Let It Go

Gorgon City

Paint over the flaws watch me covering up the cracks... mmm mmm
Why did I want so badly to prove I was good at that... mmm mmm

They say each day comes a lesson learnt
And the choices we make can hurt
Would I be who I was if not for these though?
Wish I wasn't too proud to say so...

Cause I never seem to let it go
Never seem to let it go
Never seem to let it go
Close my eyes and let it go

Cause I Never seem to let it go
Never seem to let it go
Never seem to let it go
Close my eyes and let it go

The way that you look at world comes from way back... mmm mmm
When you're shown how to love, and be loved - so much weight in that.
.. eh

They say each day comes a lesson learnt
And the choices we make can hurt
Would I be who I was if not for these though?
Wish I wasn't too proud to say so...

Cause I Never seem to let it go
Never seem to let it go
Never seem to let it go
Close my eyes and let it go

Cause I never seem to let it go
I Never seem to let it go
Never seem to let it go
Close my eyes and let it go

Cause I Never seem to let it go
Never seem to let it go
Never seem to let it go
Close my eyes and let it go

Never seem to let it go
Never seem to let it go
Never seem to let it go
Close your eyes and let it go
