

# Lost Feelings

Gorgon City

Hope that these feelings I can't explain wait  
I lost all my words  
We built toy towers and the tears of a clown  
Last night, I swear I saw this life falling down  
I'm tryin' to make sense of it all  
In and out of love, I played a beautiful fool  
For you, it was always for you  
Last night, I swear, I feel a little cold

Hiding and seekin'  
My heart steady breakin'  
And bleedin'  
I stare at your ceilin'  
Our bodies  
Make shapes with no meanings  
Can't help how I'm feelin'  
But, but  
I've lost all my feelings

We're shapes with no meaning  
Now, now  
I've lost all my feelings  
We're shapes with no meaning, yeah  
I've lost all my feelings

I think we  
Been dodgin' too close  
To the sun 'cause  
We're ghosts of who we was  
Yeah, our young hearts  
We really fucked it up  
Last night, I swear I saw an angel burn his wings

(Was always for you)

Hiding and seekin'  
My heart steady breakin'  
And bleedin'  
I stare at your ceilin'  
Our bodies  
Make shapes with no meanings  
Can't help how I'm feelin'  
But, but  
I've lost all my feelings

We're shapes with no meaning  
Now, now  
I've lost all my feelings  
We're shapes with no meaning, yeah  
I've lost all my feelings  
I've lost all my feelings
