

# Run It Back

Gorgon City

Remember when we used to stay up all night?  
Remember when we used to have it all?  
Now you got me losin' sleep over a goodbye  
Hate it when you're gone  
When you're gone

I never thought this city could be so quiet  
It used to ring the sirens in my soul  
But lately I'm forgettin' what it feels like  
And I hate to be alone  
So can we go and

Run it back yeah yeah  
(Run run run run it back)  
Run it back yeah yeah  
(To what we used to have)  
Run it back yeah yeah  
(Run run run run it back)  
Hate it when you're gone  
When you're gone

Run it back yeah yeah  
(Run run run run it back)  
Run it back yeah yeah  
(To what we used to have)  
Run it back yeah yeah  
(Run run run run it back)  
Hate it when you're gone  
When you're gone

Run run  
Sirens in my soul  
Oh oh  
Run it back yeah yeah  
Run it back yeah yeah  
Run it back yeah yeah  
Hate it when you're gone  
When you're gone

Can't we just go back to the beginning?  
Maybe I can hold you one more time  
Somethin' bout you gives me tunnel vision  
Thinkin' of you when you were mine

Baby I can feel you all around me  
Don't wanna be another memory  
Can't we just go back to where we started?  
And how we used to be?  
Used to be

Run it back yeah yeah  
Run it back yeah yeah  
Run it back yeah yeah  
Hate it when you're gone  
When you're gone

Run it back yeah yeah

(Run run run run it back)  
Run it back yeah yeah  
(To what we used to have)  
Run it back yeah yeah  
(Run run run run it back)  
Hate it when you're gone  
When you're gone

Run it back yeah yeah  
(Run run run run it back)  
Run it back yeah yeah  
(To what we used to have)  
Run it back yeah yeah  
(Run run run run it back)  
Hate it when you're gone  
When you're gone

Sirens in my soul

Hate it when you're gone  
When you're gone
