

# Voodoo

Gorgon City

And it went, oh, right through me  
I never felt a feeling like this before  
Something just happened to me  
Outta the ordinary, I can't ignore  
Was it a spell put on me?  
Some kinda voodoo, tell me, 'cause I'm not sure  
Whatever happened to me?  
No I don't need to worry, said it before

And it went, oh, right through me  
I never felt a feeling like this before  
Something just happened to me  
Outta the ordinary, I can't ignore  
Was it a spell put on me?  
Some kinda voodoo, tell me, 'cause I'm not sure  
Whatever happened to me?  
No I don't need to worry, said it before

And it went, oh, right through me  
I never felt a feeling like this before  
Something just happened to me  
Outta the ordinary, I can't ignore  
Was it a spell put on me?  
Some kinda voodoo, tell me, 'cause I'm not sure  
Whatever happened to me?  
No I don't need to worry, said it before

Some kinda voodoo  
Some kinda voodoo  
Some kinda voodoo

Some kinda voodoo  
Some kinda voodoo

Some kinda voodoo  
Some kinda voodoo  
Some kinda voodoo

Some kinda voodoo  
Some kinda voodoo

And it went, oh, right through me  
I never felt a feeling like this before  
Something just happened to me  
Outta the ordinary, I can't ignore  
Was it a spell put on me?  
Some kinda voodoo, tell me, 'cause I'm not sure  
Whatever happened to me?  
No I don't need to worry, said it before
