

Devil is calling

Gorgoroth

Go out and see the churches how they are burning like hell
When the devil is calling, when heaven is falling
Have you got a soul to sell

Now Satan is raping the nuns with joy
Now Jesus cries loud out in vain
There is no hope at all on earth or in heaven
When the angels have all been slain. Where were you when the
Devil was calling you

Didnt you hear the call from the lord. Now you see him thrive.
You see him killing thousands of gods warriors just die away.

Frightened for the sake of your name forever and ever you shall
live like a fag you turned away and you follow your god like a
dog.

Now you are a worthless soul to save know it will forever burn
you in hell
