

Exit - Through Carved Stones

Gorgoroth

You wire man
This night is coming to end
And a whisper
A long time in stones
Guarded in the rocks
Humans listen
What does this not tell
I see, and I see
A raping dreamers and...
He is this world
Deeper than the day could ever...
Change
Deep in this world
Lust
Deeper than pain and sorrow
Molten pain
Love was eternity
But sea
Deep
Eternity
Like the highest power
As this growing fire
Inspires me
As the fire
Inspires me
Run for the soil
The Acropolis
The horizon
See me rising
See me fall
