

## Obscura

Gorguts

Clouded by the bliss obscura  
Covered by the frame of drama

Intra limpidus obscura  
Limen ex nihilum... Opacitas  
Trux omnillustrare...  
Ex regnum de exsanguis  
Lux absentia, funditus

Silenced, fragments of nostalgia  
Laments, frailty of the mind

Bounded by the abyssal fence  
Light cleanses the internal sense

Obscure feeling of immensity  
Black Opera, unio-mystica

Vibrate, filter of emotions  
Filtrate, shapeless screen unfold  
Reverie, climate of energy  
Blackness, centre of whiteness

Intra limpidus obscura  
Limen ex nihilum... Opacitas  
Trux omnillustrare...  
Ex regnum de exsanguis  
Lux absentia, funditus
