

Do It Yourself

Gorilla Biscuits

When I find myself in doubt
I need someone who I can trust
I learned to trust in me
That's when I want this world to see
What I know is me
Controlling over my life

Don't let someone else
Take control of you
Don't let someone else
Make those thoughts for you
Just do it yourself
Do it yourself

When I find myself in doubt
I need someone who I can trust
I learned to trust in me
That's when I want this world to see
What I know is me
Controlling over my life

Don't let someone else
Take control of you
Don't let someone else
Make those thoughts for you
Just do it yourself
Do it yourself
Do it yourself
Do it yourself
