Man this good shit got me high
I can't lie, I'm so fly
Feel I reach and touch the sky
Hey my dear, we right here
Front rows lay like it was good
God damn man I'm feelin myself
I said I'm feelin myself

Take a step to the right and then one to the left
Got my drank and my 2-Step, feelin myself
Gucci, Louis, I'm so groovy
My life is a movie
Your girl'll do me
She calls you baby but she calls me booby
32 inches on my brand new Dually
Don't get it fucked up boy I keep that toolie
Teflon guard man it's hard to move me
I'm that fellow
Rolling big kush in a cigarillo
Diamonds on my wrist that's blue and yellow
That's Carmelo
Bitch ain't a dime I don't need to say hello
Throw a couple one's and make her shake it like Jello
I'm so fly but I'm oh so ghetto
Up late night I'm the black Jay Leno
Hood nigga baby, get the kush by the limo

Hello
You reached the number of Z-O-Ezy
Mr. Ozone, Mr. Hip-Hop Weekly
Your girl tried to call me but it's hard to reach me
I'm still in the streets tell your girl to meet me
Your girl think she know me cuz she see me on T.V
Don't be a groupie mama, keep it moving, be easy
Flop Boys baby up
We get sleazy
I told her I was boss she didn't want to believe me
A bad bitch
Walking in Giuseppe's
Hood killed the whip

But I don't wanna break the Levy
The girl turn [?] er'vy time she see the Chevy
Send them freaky pictures all on my Blackberry
Champagne belly with a pocket full of fetti
Everything you did I done it already
I'm gone
Shorty i'm on
Gorilla wearing the city like my name was King Kong
