Gorilla Zoe

Nasty, Nasty  
Nasty, that nasty  
Nasty, Nasty

Million dollar trap, but the spot so nasty  
White so clean but the pot still nasty

A hundred on the coup, so the whip look nasty  
Fifty on the watch, so my wrist look nasty

[Verse 1 - Gorilla Zoe:]

Now if I drop it off, it gon' be all clean  
Same color as your daughter prom limousine  
Remember Master P? Yellin' triple b, (UGH)  
Now True Religion jeans with the double seems  
I'm on a scene, we trappin' fire  
I finna wake the fiends, I drive that type of car [?]

EW bitch you finna die  
Anberlin and CSI  
R.I.P. dearly departed, sorry my two three retarded  
Pop the clip, and pulled it farted, shit it  
Never missed a target, and man I never missed a meal  
I'm eatin', never ever starvin'  
I'm trapping at the Starvin' Marvin  
Now I'm black card chargin'

A hundred on the coup, so the whip look nasty

[Verse 2 - Yo Gotti:]

[?], now I'm back out of jail  
I been on the run, but I been havin' fun  
Just took my permit, but I still got a gun  
Hundred round drum, hundred grand chain  
Five dolla bitch, million dollar brains  
All I rock is white, I be so unique  
Photo Aston Martin, they call it the repeat  
And me, I'm from the streets, I never repeat the shit I heard  
Never describe the shit I saw, never complained about no loss  
I'm a boss, throw a cross, and it's off with your head  
You tryin' to make a hit and I'm tryin' to dodge the Feds
