

Andromeda (D.R.A.M. Special)

Gorillaz

Inside this bag
So many bags just to try and find a place to
Inside this bag you can get stuck going deeper inside
(Losing your mind)
Even when my tank's on E
I'll still go to the party
Let me pick you up
That pick me up
(Where it all goes down)

Inside this bag
So many bags just to try and find a place to
Inside this bag you can get stuck going deeper inside

Even when my tank's on E

Let me pick you up
That pick me up
(Where it all goes down)

So many bags just to try and find a place to
(Take it in your heart now, love her)
Inside this bag you can get stuck going deeper inside

I'll still go to the party
Let me pick you up
That pick me up
(Where it all goes down)
