

Aries

I'm looking out at a volcano  
Trying to read the world today and see where you're at  
I'll never do that  
I'm a model that is uncomplicated  
You can play a happy tune on me, but don't turn me off  
'Cause then I am silenced

I'm standing on a beach in the distance  
And even though you're far away, can you see my red light?  
It's waiting to turn green  
'Cause I feel so isolated without you  
I can't play a happy tune on my own, so stay by my side  
High or low tide

High tide, high tide, high tide, high tide  
High tide, high tide, high tide, high tide, high  
And it feels like I'm falling in, again  
My side, my side, my side, my side  
My side, my side, my side, high tide, high  
Feels like I'm falling in, again

I'm a model that is uncomplicated  
You can play a happy tune on me, but don't turn me off  
'Cause then I am silenced

High tide, high tide, high tide, high tide  
High tide, high tide, high tide, high tide, high  
And it feels like I'm falling in, again  
My side, my side, my side, my side  
My side, my side, my side, high tide, high  
Feels like I'm falling in, again
