

# Empire Ants

Gorillaz

Oh joys are us  
The sun has come again to hold you  
Sailing out the doldrums of the week  
The polyphonic prayer is here,  
It's all around you  
It's all around you out here

And if the whole world is crashing down on you  
Fall through space out of mind with me  
Where the emptiness we leave behind on warm air rising  
Blows all the shadows far away

The falling of the whole empire is here to hold you  
Rolling out and haunted till it sleeps

Little memories marching on  
Your little feet working the machine  
Say will it spin, will it soar  
My little dream working the machine

Soon like a wave that pass will fall  
And closing in on you they're going on

Little memories  
Your little feet working the machine  
Say will it spin, will it soar  
My little dream working the machine

Soon like a wave that pass will fall  
And closing in on you they're going on
