Look
Did anyone go through a transformative experience on the moon?
I know I did
I was through a monolith
Oh, yeah! My portal!
And when I got through the portal I thought I wasn't gonna make it

Oh, no...

And I dived... I dived through and I ended up in Hong Kong Studios
Hmmm...

Ye
Maybe look for positivity... in things?

Oh no, never

...and you'll be taken on a positive path

I don't positive

Sa... sau... sausages in space?

Yeah
Some of them went into orbit, y'know
So the Earth looked like Saturn

Sorry, what are we talking about?
I kind of tuned out

He was cool, but he was kind of weird

Oh, yeah (yeah)

We don't work with 'normal'

Oh, they're definitely weird afterwards
