

Do you know what a beautiful creature
How happy he look
Do you know what a lazy culture gorilla
□□□□□□

It's a funk □□□□ beautiful day

Super gorilla

How you gon' tell me how to do and how to do it?
Manoeuvre with this Ruger, these bullets is for the hoopers
You niggas is stupid
Peggy been broke for a long time
Only dirty niggas around me like my own kind
I feel like I'm Tom Jones, I feel like Dev Hynes
I got a fresh gat, I test the new iron
Hold me, chains on neck like a slave
Fuck a will, better bury with an O in my grave
(Super gorilla)
I got too much to say, labels tried docking my pay
I'm like, "Ooh," compress me or check me, I'm Peggy Bae
Divine, feel like I'm blessed but I never pray
Twisting at my shows, niggas think I'm doing ballet, uh
I wish a nigga would claim that I'm a phase
I'm a wave, saying that shit that you scared to say
It's nasty

Gorilla
Super gorilla

Clean house, clean bath water and clean mind
I'm such positive nigga, throw up a peace sign
Get to the bread, give 'em lead time
Baby got it for me
Put on a face for the critics 'cause they beneath me
Never met an A&R that I wanted to be
Begging for plus ones, drink tickets and VIP
These niggas get fat, blow money and lose beefs
(Super gorilla)
It's tragic
Shake my head when I hit the ballot
Shake my head, niggas got more money than talent
Mmm, niggas know I shoot above the average
Young Peggy keep whipping niggas till I kick the casket
(Super gorilla)
I get it, they think I'm fixing matches
The scope came with attachments, yee
We at your house, we staking out, we eating rations
Expensive habits
It's gas, I told that bitch to jump the ship, only room for the captain
It's nasty
