O' Green World

O green world, Don't desert me now Bring me back to fallen town Where someone is still alive

Fighting for something new in this When no one needs the heart of me and I'll Get out somewhere other than me before...

(than me before...)

O green world Don't deserve me now I'm made of you and you of me But where are we? Oh no

Sells to lie Phone with talk, you stars Suppose you Down when you're in fast Cause it seems so little to you

But now you're in love, you know You know, me too You know, me too I hope sex and drugs rust into my self, holy It feels holy It feels like you're with your father in the place you love...
