

## Rejoice Your Soul

Gorod

Let me rejoice your soul

Holy Baptism made us the children of God  
Society dedicated us to evil  
In constant conflict with our culture  
Only faith can keep us away from the vultures

There is no wisdom without deprivation  
No salvation for the rebels  
Let me entice you into another world  
We will teach you the government of yourself  
And show you the way to light  
So let me enlighten your mind  
Let me rejoice your soul

Seek only the magical power of your inner excellence  
Improve yourself and become radiant  
And as the Sun, heat latent ideal life around you  
Come to me/ Be my disciple/ See the light  
Forsake the seven bad habits

Cut yourself off from your peers  
Otherwise you will suffer without growing  
Deny the commonwealth, forget all others, to rise to personalit  
y

"Then you shall see the radiant;  
Your heart shall thrill and exult,  
Because the abundance of the sea shall be turned to you,  
The wealth of nations shall come to you" Isaiah 60:5

We own the rational knowledge that will engage the Renewal of S  
ociety  
I own the spiritual essence that will lead to the Renewal of Ma  
n  
I am the heir of Bel, the demiurge  
The Lord of the world  
The master of all the lands  
I do belong to the holy Order that committed my fate,  
That will commit your fate

And you'll know an extraordinary destiny...
