That's where I'll be Where the girls are That's where I'll be

Could I give it to your sister

Girl I love you like no other

I'll be your mistress, be your mistress

Girl, I'll give it to your mother

When I'm right, I say I'm right
If I'm wrong, please tell me I'm wrong
Come on home with me tonight
Let me love you all night long

Could I give it to your sister
Girl I love you like no other
I'll be your mistress, be your mistress
Girl, I'll give it to your mother

When I'm right, I say I'm right
If I'm wrong, please tell me I'm wrong
Come on home with me tonight
Let me love you all night long

Could I give it to your sister

Girl I love you like no other

I'll be your mistress, be your mistress

Girl, I'll give it to your mother

When I'm right, I say I'm right
If I'm wrong, please tell me I'm wrong
Come on home with me tonight
Let me love you all night long
