I dream of you (dreaming of you)

I'm tired today again. I see a missed call
And spread out on my bed, I droop and fall asleep
The day was long, I tuck away even my thoughts of you and
I deeply fall in, just like red sun

You're going to worry
I should at least leave you a message
My mind is already at REM sleep stage

I am completely lost inside and I can't find the exit
But we're not worried
In another dimension,
Like in space, we meet again there

I dream of you tonight,
Every night I do about the two of us
Dreaming of you tonight,
Every night I do about the two of us
Dreaming of you tonight,
Every night I do about the two of us
Dreaming of you tonight,
Every night I do about the two of us

Your chic expression,
The way you talk is so sweet to me
Your fashion style,
Everything is as hot as it would be in a dream
I think time has stopped,
I think I'm trapped in a dream
I think I'm hooked on you,
I'm trapped in my dream

You're going to worry
I should at least leave you a message
My memories are out of power for a second

Getting drowsy now, while I closed my eyes
While my eyelid is closed for a split second
Blurred out but you're coming into my sight
I don't want to wake up, stay high

I dream of you tonight,
Every night I do about the two of us
Dreaming of you tonight,
Every night I do about the two of us
Dreaming of you tonight,
Every night I do about the two of us
Dreaming of you tonight,
Every night I do about the two of us

Deep sleeping now, inside the fuzzy screen
I see you waving
I see that I'm smiling in the dream
I think I like you alright

When I get inside the house, I run and go on the bed
I don't even look at the phone, sleeping pill
As if I took one, the moment I close my eyes
I see the back of you in my dream
Even when bad things happened all day
I see you in my dream tonight
I secretly close my eyes and smile
You're probably dreaming about me too

I dream of you tonight,
Every night I do about the two of us
Dreaming of you tonight,
Every night I do about the two of us
Dreaming of you tonight,
Every night I do about the two of us
Dreaming of you tonight,
Every night I do about the two of us

I dream of you tonight,
Every night I do about the two of us
Dreaming of you tonight,

Every night I do about the two of us
Dreaming of you tonight,
Every night I do about the two of us
Dreaming of you tonight,
Every night I do about the two of us
