Everyday, everynight
What would life be without you

To you that always did everything for me
You who always was there beside me
I'm so thankful, so thankful

I can't put it into words

How the time I spend with you
Is that happiest time
The time that we are together
Means the most to me, baby I love you

Everyday I think of seeing you
Everyday my heart skips a beat
Please always stay with me
I wonder everyday
What I did to deserve
You who always
Takes my side

You who supports me
When I'm crippled
To you who gave me strength
When I didn't have any

I'm so thankful, so so thankful
I can laugh thanks to you

Everyday I think of seeing you
Everyday my heart skips a beat
Please always stay with me
I wonder everyday
What I did to deserve
You who always
Takes my side

All these things I couldn't say to you before
Through this song I'll speak
Thank you for making me happy
I want to make you smile every day every night
I'll always be by your side So don't worry
I promise I'll always be your baby
And you have to be my lady
I just wanna stay like this so don't leave me

Whatever hardships there are
With you, I can fight through them all

Everyday I think of seeing you
Everyday my heart skips a beat
Please always stay with me
I wonder everyday
What I did to deserve
You who always
Takes my side
