You make me feel real good
Dadaradada dadaradada

At the moment our eyes met oh my god
I want to see your beauty a little closer
I don't want to lose you sight
Naturally I follow you, take me with you

I'm trying to gather your pieces that's scattered inside
Of me - uncommon feelings are spread in me
You are even more spreading inside of me mildly
Don't hide yourself. you are beautiful. fill me inside

Somewhat I feel good
I just like this moment that I'm with you
You make me touched beautiful wonderful
Even I close my eyes, I can't sleep
I picture you even in my dream baby

Come sweetly

And dive in my arms. I want to have you
Every bit of you is moistly
Permeating into me and embrace me

You look fine. feels so good
I want to satisfy you yeah you bet I would
Before I notice, I follow your eyes
Wherever I go, I see you
Is this a dream or real?
Am I still alive? I feel like I'm in heaven
Bring me back to life. I can't stand anymore
Come to me I can't live without you

I'm trying to gather your pieces that's scattered inside
Of me - uncommon feelings are spread in me
You are even more spreading inside of me mildly
Don't hide yourself. you are beautiful. fill me inside

Every bit of you is moistly
Permeating into me and embrace me

Thinking about you, I can't sleep tonight
Counting stars, my heart is going for you
I imagine you oh baby. please be my dream

Yeah, feelin' good
Oh baby, you look just fine
If it's possible, can you
Slip your 8 digit numbers to me?
Then it'll be all good. you are small
But your atmosphere is good mood
I don't need anything like expensive skirts and high heels
I don't need anything like a thick makeup and fragrances
Your voice that makes my heart pumping
Is all I need (oh)

Somewhat I feel good
I just like this moment that I'm with you
You make me touched beautiful wonderful
Even I close my eyes, I can't sleep
I picture you even in my dream baby

Come sweetly
