Hello, is anyone there?
Will you look at me for a moment right now?
Hello, listen to me
Boys who are no joke have appeared

It's the new beginning we gonna take it over
All my ladies, put your hands up high
Hello, everyone focus here, I'm like
I'm gonna tickle your ears, ya feel me?

People say I'm different (you know)
They say I'm special
Just come to me, come to me right now
Don't think anything (I know)
You won't regret it
Just come to me, come to me right now

Hello, hello, hello
Ask, ask, aren't you curious?
Hello, hello, hello
Listen, listen, listen to me
Hello, hello, hello
Ask, ask, are you curious?
We're the new hot burning
High quality, gathered together (Stand Up!)
The boys are ready to shake you up

Hello, is anyone there?
I'm so hot hot hot, that's what I hear
Hello, there's no need for words
Whether you're a bad girl, good girl, it doesn't matter

Don't steal glances at me
Don't measure me out with irony
Hello, I'm kind of a hot shot
I'm different from other kids since I was born

People say I'm different (you know)
They say I'm special
Just come to me, come to me right now
Don't think anything (I know)

You won't regret it
Just come to me, come to me right now

Hello, hello, hello
Ask, ask, aren't you curious?
Hello, hello, hello
Listen, listen, listen to me
Hello, hello, hello
Ask, ask, are you curious?
We're the new hot burning
High quality, gathered together (Stand Up!)
The boys are ready to shake you up

My body is slightly leaned back,
My hat is always on backwards
Push back the suffocating suit and ties
