Hey watch me Imma pull up with my
Ya, give me some more
Can't get enough, we anxious
Y'all give me some more
Give me some more
My vision ah, gon' carry on
Gon' carry on and Imma no, no no

Ain't enough give me some more
I'm starving like a monster
Give me some more
Ain't enough feed me some more
Gon' win it Imma conquer
Give me some more
Let the phoenix out of this cage
Nobody can stop me on the stage
Up top read the bio of my life
What I been through flipping all the pages

Should I just be the villain on this set
And be the goblin on this set
And end up in the coffin after that
Should I just be the villain on this set
Or be the goblin on this set
And end up in the coffin after that

Ya, give me some more
Can't get enough, we anxious
Y'all give me some more
Give me some more
My vision ah, gon' carry on
Gon' carry on and Imma no, no no
