So, it's me again? huh...
Why you gotta be like this?
Forget it!

If you do it's good, if I do it's done
How can you always say that I'm wrong
You always want to win
Tears are your ultimate weapon

I was attracted to your confidence at first
But every day I went down on my knees
You magnified even my minor mistakes
And pushed me to the edge of the cliff
Well I love you anyway
That's why I put up with you

Every day every night
Feel like a fool you gotta know
Why why why are you always mad mad mad at me
Can we go back to the way we were

If you do it always becomes the right words
If you do I can never win
Suddenly you become a different person
When we get along well I get more nervous
If I do if I do
If I say something you always say let's break up
So I can't get any closer
Can't deepen my love for you

Your major is saying the same thing over and over
You force me to do things to please you
I am tired of these trials with already known results

I'm desperate to break free
To you they're just friends
To me they're jerks who could be flirting with you
Another mistake, if you do it's ok
But if I do huh

I wish you wouldn't go too far but you just can't stop
Now I say in my sleep, I'll be good
When there's nothing to say you always say
I'm gonna go to bed
Frustrated with no one to talk to
Sometimes I delude myself that I'm trapped

If you do it always becomes the right words
If you do I can never win
Suddenly you become a different person
When we get along well I get more nervous
If I do if I do
If I say something you always say let's break up
So I can't get any closer
Can't deepen my love for you

It's up to you if you wanna break up

Just do whatever you want
