If only we can meet
If I can hold your hand
When I come to you I keep getting scared
If we can love each other

Q.No.1 Is it because we're friends
No.2 Or am I a pushover
Or because you're too pretty
I've seen how you coolly blow off guys
Good riddance but when I imagine
Myself becoming one of those guys,
I get goosebumps
If you come to me
I want to make you laugh
Every day more than you do now

I get scared baby There are too many things
I haven't said to you, I've been waiting
I get scared baby I've been hiding from you
I'll tell you like this now Baby I'm falling in love

If only we can meet
If I can hold your hand
When I come to you I keep getting scared
If we can love each other

Yeah I'm always behind, behind you
There are too many things I havent said to you
I've tried to make it obvious several times
But you didn't notice at all
My mouth went dry I get worried
When still don't know
And look at me and smile, you're so pretty

I get scared baby There are too many things
I haven't said to you, I've been waiting
I get scared baby I've been hiding from you
I'll tell you like this now Baby I'm falling in love

If only we can meet
If I can hold your hand
When I come to you I keep getting scared
If we can love each other

If we can be together
Even this easy saying is hard to say baby
If you are the one to fill the empty spot in me
Everything would be perfect if that's you
I will always make you happy
I could only look on from far away but
Now I want to protect
Even your smile if we can love

If we can meet
If I can hold your hand
When I come to you I keep getting scared
If we can love each other

If, if, if, if
If we can love each other
