I see you reflected in today's sunlight
You are crazily radiant
You plant the sun in my heart
Let's you and I be together today

Will you be by my side, by my side
Can I hold your hand? Don't be shy
Today we come together
Today you are especially lovely to me
Tonight is our Just one chance
Can I hug you? Don't be afraid
Today we come together

Let me hold your hand
Atop this blue ocean, look at me baby
Hug me now lady you drive me crazy
With the cool breeze, the two of us
Let me hold your hand
Embrace me atop this blue ocean
Embrace me now
With the cool breeze, the two of us

It might have been the bright sun
My face turned red probably
It might have been just a feeling
I saw you blush too
I'm getting drunk on a good feeling today
Neither of us even touched alcohol
Can I softly hold your hand

If you're ok,
Can I go for it? Baby
Let me hold your hand

Will you be by my side, by my side
Can I hold your hand? Don't be shy
Today we come together
Today you are especially lovely to me
Tonight is our Just one chance
Can I hug you? Don't be afraid
Today we come together

Let me hold your hand
Atop this blue ocean, look at me baby
Hug me now lady you drive me crazy
With the cool breeze, the two of us
Let me hold your hand
Embrace me atop this blue ocean
Embrace me now
With the cool breeze, the two of us

Will you hold my hand baby
Hold my hand wherever you go, please don't let go
I will cherish you baby
I will make memories everyday
Will you believe me now
Don't listen to what other people say,
Will you for me?
I follow your heart
So girl just let me hold your hand

Atop this blue ocean, look at me baby
Hug me now lady you drive me crazy
With the cool breeze, the two of us
Let me hold your hand
Embrace me atop this blue ocean
Embrace me now
With the cool breeze, the two of us

Oh let me hold your hand
Atop this blue ocean, look at me baby
Hug me now lady you drive me crazy
With the cool breeze, the two of us
Let me hold your hand
Embrace me atop this blue ocean
Embrace me now
With the cool breeze, the two of us
