

# Lullaby

GOT7

This girl is like a dream  
My wildest fantasy  
And right when I think  
I'm gon' wake up  
She's pullin' me right back in  
To serenity

Girl I can't believe  
You're so unreal  
Oh it's just somethin'  
About the way you move  
You're like a flower in bloom

It's crazy how you can make me  
Forget what I've been doin'  
Oh it's a problem and growin'  
More and more each day

Girl whisper your sweet nothings  
In my ear  
'Cause every word  
Can speak to my soul  
It's outta my control

Oh when you say my name  
It sounds like a song  
And I'd listen all day long  
Oh I don't understand it  
But I can't turn it off  
Baby don't ever stop

Sweet talk to me babe  
It's magical  
Sweet lullaby  
Oh it's so hypnotizin'

Sweet talk to me babe  
It's magical  
I wanna hear you sing it  
Every night

I can't help this feelin'  
Like I know your secrets  
Hope it lasts forever  
I want it I want it

Whisperin' so gently  
Eyelids gettin' heavy  
Make it last forever  
I want it I want it

You make me ay ay ay  
You got me driftin' in and out  
Of this slumber  
You make me ay ay ay  
I know for sure  
I never wanna wake up

Lovin' the touch of your fingers  
In my hair it still lingers  
Tell me is it truth  
Or fiction baby  
Still can't believe you and me  
Are makin' music each day

Anythin' from your lips got me  
Thinkin' it's all okay  
I don't need fortune or the fame  
As long as I'm with you

Oh when you say my name  
It sounds like a song  
And I'd listen all day long  
Oh I don't understand it  
But I can't turn it off  
Baby don't ever stop

Sweet talk to me babe  
It's magical  
Sweet lullaby  
Oh it's so hypnotizin'

Sweet talk to me babe  
It's magical  
I wanna hear you sing it  
Every night

I can't help this feelin'  
Like I know your secrets  
Hope it lasts forever  
I want it I want it

Whisperin' so gently  
Eyelids gettin' heavy  
Make it last forever  
I want it I want it

If I'm dreaming  
Don't ever wake me up  
I wanna hear your melody  
The only thing I could need  
'Cause if I had to live  
Without you I'd be lost  
And in this moment I want more

Sweet talk to me babe  
It's magical  
Sweet lullaby  
Oh it's so hypnotizin'

Sweet talk to me babe  
It's magical  
I wanna hear you sing it  
Every night

Sweet talk to me babe  
It's magical
