My heart beats faster, like I'm out of breath

Yeah it's a warning  
I'm warning you, will you get out the way?  
She's already my girl ayy warning  
Stop stop, no more  
Only look at me, don't look anywhere else  
I'm right next to you, only look at me

Eyes are wanting her from here and there  
All over the place, they're coming closer  
I'm not myself right now, I need to be careful  
Cuz it's time to lose control  
Time time time to lose control

Don't look anywhere else even for a moment  
I can't just watch, I can't lose you  
I have to be the only one next to you

They see me next to you and look disappointed  
Because of your fatal charms  
I get tired because I'm so jealous  
Brrah don't look anywhere else, only look at me  
Hold my hand so they don't try anything  
Yes alright yes alright
